

**Amendments to the Specification:**

Please replace the paragraph at page 16, lines 26-31, with the following amended paragraph:

**G-CCM Cell cDNA Library Synthesis**

**A      Total RNA Isolation from G CCM cells**

This was performed using TEL-TEST RNA Stat-60, following ~~the manufacuere's their~~ guidelines. ~~Web Site~~ [www.isotexdiagnostics.com/rna-stat-60-reagent.html](http://www.isotexdiagnostics.com/rna-stat-60-reagent.html)

Please replace the paragraph at page 17, lines 1-5, with the following amended paragraph:

**B      mRNA Purification from Total RNA**

This was performed using Invitrogen's FASTTRACK 2.0 Kit, following their guidelines. ~~Web Site~~ [www.invitrogen.com/content/cfm?pageid=3443&cfid=330835&eftoken=53475959#FastTrack](http://www.invitrogen.com/content/cfm?pageid=3443&cfid=330835&eftoken=53475959#FastTrack)

Please replace the paragraph at page 17, lines 7-12, with the following amended paragraph:

**C      cDNA Library Synthesis from mRNA**

This was performed using a Stratagene cDNA synthesis kit (following their protocol, [[ ]].) Stratagene ZAP EXPRESS cDNA Synthesis Kit Instruction Manual). [www.stratagene.com/manuals/200403.pdf](http://www.stratagene.com/manuals/200403.pdf)
